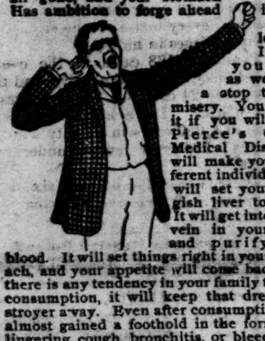
VOLUME CVI.---NO 193. ALEXANDRIA, VA., WEDNESDAY EVENING, AUGUST 16, 1905. PRICE 2 CENTS.

DO YOU FEEL THIS WAY.

Do you feel all tired out? Do you sometimes think you just can't work away at your profession or trade any longer? Do you have a poor appetite, and lay awake at nights unable to sleep? Are your nerves all gone, and your stomach too? Has ambition to forge ahead in the world left you? If so, you might as well put a stop to your misery. You can do it if you will. Dr. Pierce's Golden Medical Discovery will make you a different individual. It will set your sluggish liver to work. It will get into every vein in your body and purify your blood. It will set things right in your stomach, and your appetite will come back. If there is any tendency in your family toward consumption, it will keep that dread destroyer away. Even after consumption has almost gained a foothold in the form of a lingering cough, bronchitis, or bleeding at the lungs, it will bring about speedy cure in 98 per cent. of all cases. It is a remedy prepared by Dr. R. V. Pierce, of Buffalo, N. Y., whose *advice is given free* to all who wish to write him. His great success has come from his wide experience and varied practice.



O. S. Copenhaver, Esq., of Mount Union, Huntingdon Co., Pa. (Box 222), writes: "About twelve years ago I was suddenly taken with a pain in the pit of the stomach which was so violent I could not walk straight. It would grow more severe until it caused waterbrash and vomiting of a slimy yellow water. A physician told me I had a form of dyspepsia and treated me for about six months with but little benefit. Another physician told me my liver was out of order and that I had indigestion. He gave me a treatment and I got some better but only for a short time. I then tried another one, who said I had chronic indigestion, ulceration of the lining of the stomach, torpid liver and kidney affection. He treated me for more than a year and I felt much better, but it did not last. I then took to using several widely advertised patent medicines, but received no more than temporary relief. I then tried Dr. Pierce's medicines, using his 'Golden Medical Discovery,' and the 'Pleasant Pellets,' and in two months' time I was feeling better than I had for years before."

Don't be wheedled by a penny-grabbing dealer into taking inferior substitutes for Dr. Pierce's medicines, recommended to be "just as good."

THE POWER OF STEAM.

Many May See But It Takes Genius to Realize.

When James Watt saw the steam causing the kettle lid to jump up and down he said "There must be power in that steam that it can lift such a weight."

There was.

Millions prior to him had seen the same phenomenon and regarded it as an unexplained mystery.

Recent scientific research has put its finger on the "cause" of Dandruff, Falling Hair, and consequent Baldness, and has unearthed a tiny germ which eats the life from the roots of human hair.

Newbro's Herpicide destroys this germ and consequently restores the hair to its natural state.

Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.

E. S. Leadbeater & Sons, Special Agents.

WEAK HEARTS

are caused by Indigestion. If you eat a little too much, or if you are subject to attacks of Indigestion, you have no doubt had shortness of breath, rapid heart beats, heartburn or palpitation of the heart.

Indigestion causes the stomach to expand—swell, and puff up against the heart. This crowds the heart and interferes with its action, and in the course of time the heart becomes diseased.

Kodol

Dyspepsia Cure

digests what you eat, takes the strain off of the heart, and contributes nourishment, strength and health to every organ of the body. Cures Indigestion, Dyspepsia, Sour Stomach, Inflammation of the mucous membranes lining the Stomach and Digestive Tract, Nervous Dyspepsia and Catarrh of the Stomach.

After eating, my food would distress me by making my heart palpitate and I would become very weak. Finally I got a bottle of Kodol and it gave me immediate relief. After using a few bottles I am cured.

MRS. LORING NICHOLS, Penn Yan, N. Y.

I had stomach trouble and was in a bad state as I had heart trouble with it. I took Kodol Dyspepsia Cure for about four months and it cured me.

Rain Lightning and Snow.

Reports indicate that the storm of Monday and Monday night caused damaged in southwestern Ohio estimated at several hundred thousand dollars and less serious loss in other parts of the State and in Kentucky and Indiana. Lightning struck a traction car near Middletown, Ohio, during the storm, and a lady passenger suffered a broken rib and and other injuries in the panic that ensued. Two young women were seriously injuried by lightning which struck a farmbouse near Marysville, Ohio. Seven persons were stunned by lightning near Circleville, Ohio, but all will recover. The damage to crops was especially heavy in in Butler and Warren counties.

During a severe thunderstorm in Hagerstown, Md., yesterday afternoon lightning struck the station building at Cold Spring, along the electric line running from Greencastle to Pen-Mar Park. A number of persons was injured, the most seriously hurt being Mr. and Mrs. H. F. Whitmore, of Baltimore, who are stopping at Pen-Mar. Mr. Whitmore's side was paralyzed and his wife was badly burned by coming into contact with a live electric wire.

Hazleton, Pa., policemen and others who were abroad at that hour say that there was a lively flurry of snow in that city at about 1 o'clock yesterday morning. Following a week of intensely warm weather, the temperature began to drop Monday evening, and at midnight it was down to 45 degrees. The policemen say that when they first saw the snow fall they could scarcely believe their eyes, and several of them went even so far as to put out their hands and catch the flakes. They say that they found that it was the real thing, and tried to collect enough to make a midsummer snow high ball for the Mayor, in the morning, but did not succeed.

Bogus Voters in Philadelphia.

According to a statement made yesterday by the director of the department of public safety in Philadelphia, based on a canvass made by the police, there are 60,083 names on the voting lists of that city which, under the law, have no right to be thereon. The assessors in all the voting divisions of the city will be asked to strike the alleged fraudulent names from the lists.

One of the first official acts of Mayor Weaver after starting his campaign for municipal reform was to order the director of public safety to have a complete inspection made by the police of the voting lists, with a view of having stricken off every fraudulent name. The mayor did this because charges had been frequently made that at least 50,000 fraudulent votes were cast at the last two elections.

The police made the canvass, and reported 31,749 fraudulent names. The mayor was not satisfied with this report, and ordered a second canvass. This canvass was completed yesterday, and showed 60,083 fraudulent names.

Two other agencies—the city party, a reform organization, and city employes, exclusive of policemen—are making an independent canvass of the city.

During the two police canvasses Mayor Weaver became dissatisfied with the work of some of the men on the police force. Two lieutenants were dismissed, half a dozen others were transferred to other districts, and upwards of 200 policemen were ordered up for trial before the police board of inquiry for failing to report fraudulent names.

The Agapenomites.

There is joy among the Agapenomites, sectarians, who live in a retreat at Clapton, northeast London, known as the "Abode of Love." To Rev. J. H. Smyth, as the world knows him, but "the Messiah" as he calls himself and is called by his sect, has been born a son, who has been christened "Glory Smyth Piggott." The mother is Ruth Greece, a woman of independent means, who recently joined the community in the "Abode of Love." She fully believes that her heir is divine. The retreat is thronged by disciples eager to do homage to little Glory. The sect of the Agapenomites was founded by a fanatic known as Brother Prince about 13 years ago at Spaxton, England. Six years later he died and Piggott, who had been a sailor, miner, Episcopal clergman, Salvation Army soldier, announced himself as leader. The Agapenomites, who are mostly well-to-do people of the lower middle class and who support Mr. Piggott in luxury believe that the judgment is at hand, have disregarded such "vanities" as marriage and hold other peculiar views that led to their church being mobbed about three years ago, since time they have conducted themselves as quietly as possible and shunned publicity.

Colic and Diarrhoea—A Remedy that is Prompt and Pleasant.

The prompt results produced by Chamberlain's Colic, Cholera and Diarrhoea Remedy together with its pleasant taste have won for it a place in many households. Mr. W. T. Taylor, a merchant of Winslow, Ala., writes: "I have used Chamberlain's Colic, Cholera and Diarrhoea Remedy myself and also with men on my place, for diarrhoea and colic and it always gives relief promptly and pleasantly." For sale by Gibson and Timberman and W. F. Creighton & Co.

The Secret of Good Coffee

Even the best housekeepers cannot make a good cup of coffee without good material. Dirty, adulterated and queerly blended coffee such as unscrupulous dealers shovel over their counters won't do. But take the pure, clean, natural flavored

LION COFFEE, the leader of all package coffees—the coffee that for over a quarter of a century has been daily welcomed in millions of homes—and you will make a drink fit for a king in this way:

HOW TO MAKE GOOD COFFEE.

Use LION COFFEE, because to get best results you must use the best coffee.

Grind your LION COFFEE rather fine. Use "a tablespoonful to each cup, and one extra for the pot." First mix it with a little cold water, enough to make a thick paste, and add white of an egg (if egg is to be used as a settler), then follow one of the following rules:

1st. WITH BOILING WATER. Add boiling water, and let it boil THREE MINUTES ONLY. Add a little cold water and set aside five minutes to settle. Serve promptly.

2d. WITH COLD WATER. Add your cold water to the paste and bring it to a boil. Then set aside, add a little cold water, and in five minutes it's ready to serve.

DON'TS 3 { Don't boil it too long. Don't let it stand more than ten minutes before serving. Don't use water that has been boiled before.

TWO WAYS TO SETTLE COFFEE.

1st. With Eggs. Use part of the white of an egg, mixing it with the ground LION COFFEE before boiling.

2d. With Cold Water instead of eggs. After boiling add a dash of cold water, and set aside for eight or ten minutes, then serve through a strainer.

Insist on getting a package of genuine LION COFFEE, prepare it according to this recipe and you will only use LION COFFEE in future. (Sold only in 1 lb. sealed packages.)

(Lion-head on every package.)

(Save these Lion-heads for valuable premiums.)

The Famine in Spain.

The famine which commenced in Spain last March has now reached the point of actual starvation throughout the fertile valley of Andalusia. The workmen are unable to secure food. They are too weak to work, and are becoming desperate. The children are living on fir cones and the fruit of the wild cactus. It is said that the Spanish government has entirely failed to give relief, and that, as the money grants are absolutely inadequate to meet the necessities, the resources are completely exhausted. Hunger riots are of daily occurrence in certain places, and are becoming more and more serious. Theft and pillage are common, and it is impossible to maintain order. Reenforcements of the civil guard are needed in every town and village. Not a drop of rain has fallen in that district since March, and the summer and autumn crops will be ruined unless rain falls soon or the government realizes the situation and takes steps to remedy the conditions. It is feared that the peasantry will take the law in their own hands, and even now signs of open revolt are plentiful, and exasperation at the government's inaction is becoming daily more pronounced.

Grave Trouble Foreseen.

It needs but little foresight, to tell, that when your stomach and liver are badly affected, grave trouble is ahead, unless you take the proper medicine for your disease, as Mrs. John A. Young, of Clay, N. Y., did. She says: "I had neuralgia of the liver and stomach, my heart was weakened, and I could not eat. I was very bad for a long time, but in Electric Bitters, I found just what I needed, for they quickly relieved and cured me." Best medicine for weak women. Sold under guarantee by E. S. Leadbeater & Sons, druggists at 50c a bottle.

Alexandria Gazette
SIC SEMPER TYRANNIS
AND VIRGINIA ADVERTISER

WEDNESDAY EVENING, AUG. 16, 1905.

PRESIDENT ROOSEVELT isn't willing to run the risk of losing to the democrats in next fall's elections the control of the House of Representatives, and for this reason, it is now said, he has abandoned altogether his often declared purpose of calling Congress in session this fall for the purpose of enacting legislation giving the Interstate Commerce Commission power to regulate railroad rates. According to republican politicians now in Washington, the Senate and House leaders of the party have impressed the President with the belief that an almost certain outcome of an extra session of Congress, called for express purpose of passing railroad legislation, would be the success of the democrats in the congressional elections of November, 1906. The House would probably pass the railroad rate bill, but the Senate would kill it or postpone action. This would give rise to factional splits which could not fai to have a very serious effect on the republican rank and file throughout the country. The leaders in the Senate would be placed in a warlike attitude toward the President and the republican majority in the House, and this would make it easy for the democrats to elect a majority of the members of the succeeding House. Thus the President would be left in the closing years of his administration without the support of a Congress republican in both branches. These arguments have been used with the President most persistently by congressional leaders and they appear to have been successful. Notwithstanding his protests to the contrary, it is party first and country afterwards with Mr. Roosevelt.

THERE is little danger now of any disappointment in the harvests. Of course, corn might be frost-bitten, and all the northern wheat is not safe and cotton still has some dangers to face. But when the crops are in prime condition at this late date there is not much fear of serious reverses. Hence business is proceeding with the utmost confidence that the farmers will have plenty of money. A dozen western States now promise 370,000,000 bushels more of corn and 114,000,000 bushels more of wheat than last year, and 1904 was a famous year for the farmers. Railroad officials and crop statisticians of the States are almost unanimous in predicting an uncommonly fine year for agriculture. The wheat crop will not reach the figures of 1901, but it may be the second largest crop in our list, and corn is likely to beat all records. In spite of our abundance the state of the world's markets is such that prices are good and are expected to remain so. This beneficient state of affairs is appropriated by the leaders of the republican party who, had the crops failed, would have laid the blame to democratic agitation.

IT IS said that fifteen per cent. of the Protestant churches of Nebraska are without pastors, and it is impossible to secure ministers to fill the vacant pulpits. According to reports received of the Congregational, Methodist and Lutheran churches in Lincoln, Neb., scarcely a week passes but some minister breaks away from the calling to engage in another line of work. The prosperity of the farming industry has called away the greater number, but many have also gone into business and other professions. Low salaries are the cause of the trouble. In the Congregational Church, for instance, there is but one church in the State that pays $3,000 to its pastor. Another pays $2,500, several others from $1,500 to $1,800. A few pay from $1,000 to $1,200, but the great bulk of the preachers receive $600 or $700 a year. A large number do not receive more than $500 a year. Many centuries ago it was observed that the harvest was great and the laborers few. It seems to be so now in some places.

KNOCKED out and killed while boxing on the U. S. ship Yankee at Monte Christi, Santo Domingo, July 10, was the fate of Raphael Cohen, a coal passer, but the verdict is that he came to his death "in the line of duty." Rear Admiral Bradford, commanding the Caribbean squadron, ordered an inquest to be held. The verdict was that Cohen came to his death in the line of duty; that he had died as the result of engaging in boxing, and that boxing was part of the athletics prescribed by the navy regulations to afford the proper exercise for men. Admiral Bradford then ordered a board of inquiry. The board, in addition to adopting the findings of the inquest, reported that the death was entirely accidental, and reccommended that no further proceedings be had! Secretary Bonaparte has accepted these reports of the commanding officer of the squadron as final, and so the matter ends. To stop "talk," if not "for the good of the service," the killing of a sailor is thus summarily disposed of by the Navy Department.

THE NEW Panama Canal Commission, appointed to succeed the old Walker Commission because the latter failed to make the dirt fly on the isthmus, now practically announces that it is not going to make the dirt fly, either, for a year, nor will it pretend to make it fly. The "canal" has been owned by the United States for two years and though millions of money have been spent, the work done, so far as construction is concerned, amounts to nothing. The prediction that the present generation will not see the canal built may after all be fulfilled.

THE NEWS for the last few days furnished more than the usual variety of happenings, including among others the adventures of a girl breaking her neck looking at the moon over her left shoulder, of a man sneezing so hard as to dislocate his cervical vertebrae and of a young man at Matawan who threw a ball so hard that he broke his arm. It is to be feared that in certain particulars many persons are inclined to overdo the strenuous life. It would be better to take things a little easier during "the good old summertime."

AT LAST Governor La Follette, of Wisconsin, has decided to resign his present office, and take the place in the United States Senate to which he was entitled at the beginning of the special session last March. He will enter the Senate at the next session and it is predicted that it will not be long there after before he makes a stir in that body.

From Washington.

[Correspondence of the Alexandria Gazette.]

Washington, D. C., August 16.

Secretary Wilson of the Agricultural Department is keeping a sharp lookout for a man to appoint chief statistician of the bureau of statistics to succeed John Hyde, resigned. While the board of statisticians has been found to be excellent for getting out the crop reports, the bureau needs an executive head and the secretary is loth to have Assistant Secretary Hays devote all his time to that task, as he is now doing. Prof. Hays will within a few weeks have completed the investigation he is now carrying on and will then complete the reorganization in progress there. It is hinted Secretary Wilson's trip to Chicago, ostensibly to confer with live-stock and railroad men in regard to shipment of cattle, is also for the purpose of examining the records of a western statistician. The right man is wanted and the department will wait until it finds him. P. L. Hutchinson, recently selected for the permanent board of statisticians, R. C. White and J. J. Darg have just left Washington to cover the three new districts into which the cotton belt has been divided. They go as special agents of the department. It is probable that at least two of them will be members of the statistical board which will get out the next cotton condition report on September 3. Until the permanent board is selected, the department intends to school its field agents in estimating the final figures.

Wong Kai Kah, the Chinese official who landed at San Francitco yesterday, is known to officials of the State Department only as a visitor to this country of official standing. What his mission is, if he has any, is still undisclosed, but there is a strong suspicion that the visitor will have something to say or do about the boycott of American goods in China before he departs. It was learned today that Wong Kai Kah comes not directly from China but from Japan, where he has been making a visit. He brought from Nagasaki a personal letter written by the American consul there, stating that the bearer was a Chinese official and entitled to all privileges as such. The Chinese legation here, however, had informed the State Department of Wong Kai Kah's official character and requested that he be admitted to the country, so that the immigration officials at San Francisco were cocked and primed to treat him with every courtesy.

The grand jury which is probing the cotton leak scandal of the Department of Agriculture with a view of returning an indictment against E. S. Holmes, jr., and which resumed its session yesterday after a two weeks vacation, this morning continued to hear witnesses. Two stenographers of the Bureau of Statistics were called. Mr. C. C. Clarke, chief clerk of the department, is acting in an advisory capacity to District Attorney Beach. When asked this morning as to the probable length of the term of this grand jury, Mr. Beach said that he expects that the session will continue until the middle part of September. "I am not entirely through with the New York contingent," he said. "And probably before this month is out, more trouble may be expected."

Civil Service Commissioner, Greene, said today that an agent of the commission will be sent to Newport News, Virginia, at once to investigate charges that have been filed by W. E. Barrett and Congressman Maynard both of Newport News, against Capt. J. E. B. Stuart, collector of the port there. The complaint is that the collector has been playing politics by promoting republicans in his office and reducing democrats.

The Panama Canal Commission has received notice of the death from yellow fever of T. J. McKenna, an American employe at Panama. W. Hatton, another American employe, now has the fever.

District Attorney, Morgan H. Beach this morning stated that the request of Congressman John W. Gaines, of Tennessee, that the federal grand jury consider the alleged tobacco report errors made in the Department of Agriculture has not as yet reached him. The case was brought to the attention of President Roosevelt by the Tennessee Congressman, and through the President was turned over to the Department of Justice where it is now being considered. This action by the Congressman, was based on the large increase of the tobacco report as shown in a preliminary report in the avreage over that of the preceeding year in the burley district, of Kentucky, Ohio, Indiana and West Virginia and in the "regie" or dark tobacco district of Kentucky and Tennessee. The department alleges that the errors were made while the "statistician was temporarily absent."

At the morning session of the convention of the Society of American Florists and Ornamental Horticulturists, Dayton, Ohio, was selected as the next place of meeting by a vote of 134 to 63 over Niagara Falls. The first prize amounting to $25, for the best essay on "The Ideal Employer," was awarded to S. S. Skidelskey, Philadelphia; second, to Henry Eicholz, Waynesboro, Pa.; third, to J. Austin Shaw, N. Y. After the nomination of officers, Prof. B. R. Galloway of the bureau of plant industry, agriculture department, delivered an address on the relation of his bureau to the work of the members of the society. This afternoon bowling teams from a number of cities entered a contest.

Miss Nan Patterson, whose escapade has been heralded throughout the country, has sought the restful and obscure retreat of her sister, Mrs. Slater, in this city, after an exciting three months in New York city. She came to town sometime yesterday and this morning denied herself to all inquirers. Mrs. Slater was questioned this morning as to this latest incident in the gay life of the former Floradora girl, but beyond saying that "Nan" did not enjoy the acquaintance of either C. Ralph Ash or his sister-in-law, Mrs. V. D. Handy, would not discuss the case in any way.

It was stated at the Pension Office this morning that at least two of the clerks who were responsible for the error made in connection with a claim by a widow, now residing in Canada, who married a year after the death of her soldier husband, will be slated for dismissal. The error occurred through the gross negligence of a $900 clerk who changed the date of the year from that of 1892 to 1903. The former date marked the year in which her husband died; the later when she remarried. The clerk in computing the amount of her claim figured upon a ten year basis instead of 11 months. Four reviewers passed upon the case, each recommending that the claim be paid. It was finally discovered by Commission Warner, before whom all claims aggregating $1,000 come.

The United States Consul at Canton has cabled the State Department that the viceroy of that province has issued a proclamation warning the Chinese not to intimidate persons purchasing American goods nor to use violence in any matter in connection with the boycott.

He has received no report of the case Daily telegrams from New Orleans give encouragement as to the outcome of the campaign the service is waging. Last night the temperature of Surgeon Berry, the only member of the force of experts to take the disease, had been reduced to normal.

The report is again being circulated that George B. Cortelyou will succeed Leslie M. Shaw as Secretary of the Treasury upon Mr. Shaw's retirement in February. It is said that the President has tentatively made the offer to Mr. Cortelyou, but that the latter has not yet decided to give up the Postoffice Department portfolio. In the event that Mr. Cortelyou should accept, the suggestion has been made that Harry S. New, of Indianapolis, may be chosen as Postmaster General.

Weary of their long tramp to a strange town, and without money to secure lodgings, four Charlotte, N. C., boys sat down to rest on the Southern Railway tracks in the outskirts of Greenville, S. At a camp six miles from Durbin, W. Va., the terminus of the Coal and Iron Railway, between 1 and 2 o'clock yesterday morning a shack in which there were eight sleeping Italians was blown up by dynamite and the structure and every inmate was blown to pieces. There is no definite clew to the perpetrators of the crime, but it is believed to have been committed by the same trio of desperadoes who started the recent race riot at Gladys. The Italians in the vicinity are terror-stricken.

Booker T. Washington's appearance at dinner in the great dining room of the United States Hotel, Saratoga, created a mild sensation among the diners Saturday. Washington was the guest of John Wanamaker, former Postmaster-General, and acted as escort for Mrs. Barclay Warburton, Mr. Wanamaker's daughter, while Mr. Wanamaker walked to the table with J. R. Roberts. As they walked down the long line every eye was directed upon the group. Comparatively few of those present recognized any of them, and there was a general buzz of comment and a craning of necks.

Elihu Root and the Gang.

Elihu Root, one of the strong figures of republicanism, has been elevated to a position of the highest honor and opportunity in the secretaryship of State.

His keen insight and his sturdy loyalty to the prineiples of republicanism have not been shown to better purpose than in his denunciation of graft among powerful persons in his party. His recent letter to Mayor Weaver, of Philadelphia, startled the country by its vivid language, and won for him the highest praise as a leader. His characterization of the gang as "a corrupt and criminal combination masquerading under the name of republicans" will always be remembered.

The utterance is of such wide importance that it has been preserved in permanent form. The letter will appear as a supplement to the Sunday North American of August 20. It is printed on a handsome colored sheet, suitable for framing, decorated with Secretary Root's portrait and the arms of the United States and Philadelphia.

Today's Telegraphic News

The Peace Conference.

Portsmouth, N. H., Aug. 16.—The peace envoys of Russia and Japan are today engaged in the consideration of a question that may bring about a deadlock. It is believed that the subject under discussion was the Chinese Eastern Railroad.

Portsmouth, N. H., Aug. 16.—With the conclusion of yesterday's session of the peace conference agreements have been reached on the following articles: Recognition of Japan's preponderating influence in Korea; Russia's evacuation of Manchuria; mutual agreement to respect the territorial integrity of China, and to maintain the "open door;" transfer of Russian commercial leases in the Liotung peninsula,—that at Dalney is the most important; and the transfer of the Russian military lease at Port Arthur. Contrary to expectation, the question of the cession of the Chinese Eastern Railway was not touched upon yesterday, but it is expected that it will be taken up today, although the question of the surrender of the interned Russian warships and the demand for equal fishing privileges on the Siberian coast may be considered.

"Saghalin has been made the bugbear of these peace negotiations," remarked a member of the Japanese suite this morning, "but the question of cession is one capable of adjustment with honor and satisfaction to both governments, if the desire of the Rusisans is sincerely for peace." He continued: "Japan now holds the islands by right of conquest. The Russian garrison has surrendered, and the Japanese have gone so far as to give the island the same title that was attached to it previous to its absorption by Russia. Its possession will enable the power possessing it to dominate the northern part of Nikolatvok, and menace the whole of the territory watered by the Amur. Russia feels that if the Japanese extend their territory so far as the Sea of Okhotsk, the fate of Kamchatka is sealed and the hope of an ocean front on the Pacific hopelessly ruined. But these negotiations are for lasting peace, and not for future war. Russia and Japan may conclude to act in the future as allies. If so, Saghalin is not an insurmountable proposition. The Japanese will insist on keeping Saghalin, not so much because it was once theirs, as because they have regained, by conquest, an island which will round out their possessions with a new outlet for colonization and secure an invaluable strategic extension of the Japanese empire in the far north. Unless Japanse instructions are modified, so as to permit it to yield, it will not return to the old time co-dominion position—joint ownership—or in any other way minimize authority acquired by force of arms."

Portsmouth, N. H. Aug. 16.—Japan has won first blood in her diplomatic battle with Russia. The fact has leaked out that Japan has temporarily disconcerted her antagonist in the peace negotiations, and has greatly strengthened her position with the Chinese government by leading in the agreement for the complete emancipation of Manchuria and its restoration to the Chinese government without any qualifications. This entirely unexpected action on her part, will remove the objections raised by the Chinese government to the disposal by Japan and Russia of the Manchuria questions without China having any voice in the matter.

Portsmouth, Aug. 16.—The following official bulletin was given out at 1:30 p. m. regarding this morning's session of the peace conference: "In the morning session of Aug. 16, the conference took up the discussion of article 7. The conference took a recess at one o'clock, and will resume its session at 3 o'clock."

Recognition of Jews.

St. Petersburg, Aug. 16.—Pressure being brought to bear upon the Russian government by rich Jews in America to secure reforms which will better the condition of their co-religionists in this country, has already met with an unexpected success. The ministerial council has decided to permit certain classes of Jews to stand for election to the proposed national assembly. There has been a vigorous protest against giving the Jews any voice in the new assembly and petitions imploring the government not to recognize the Jews have been received from all parts of the empire. Nevertheless, despite these objections, the council has decided upon the policy announced. Three classes of Jews will be recognized in the exemption from the disability usually placed upon them. They are: First, merchants; second, persons holding university diplomas; third, artisans who own their own shops. The credit for securing this concession for the classes of Jews in whose favor this concession has been made is given to American Hebrews of wealth, who have been exerting all the influence they could bring to bear in behalf of their brothers in Russia. The ministers have decided that the assembly shall consist of 530 members. This number will include ninety peasants. The elections will be conducted by classes, separately, throughout the country. The landlords, the inhabitants of the towns, the peasants and the Cossacks will each return their own representatives. The relationship between the representative assembly and the State council will be similar to that which exists between the House of Representatives and the Senate in the United States Congress.

Pennsylvania Democrats.

Harrisburg, Pa., Aug. 16.—The democratic State convention today nominated Judge John Stewart, of Chambersburg, for judge of the Supreme Court. Judge Stewart is the republican nominee for the Supreme Court. The convention also adopted resolutions inviting the support of the independent voters of the State ticket and commending the people of Philadelphia for purging the registry lists. Wm. H. Berry, candidate for State Treasurer, made a speech of acceptance.

New York Stock Market.

New York, Aug. 16.—The course of trading so far has been a great deal like that of yesterday. There was a weak enough tone to make traders sell freely in the first few minutes. Buying orders from important interests followed and the market quickly strengthened and advanced.

Want Minority Report Published.

[Special Dispatch to the Alexandria Gazette.]

Richmond, Aug. 16.—W. L. Royall, who assisted Commonwealth's Attorney Richardson in conducting the election fraud cases before the grand jury, will tomorrow issue a call for a mass meeting of citizens to demand the publication of the minority report of the jury heretofore suppressed. The public is deeply interested and a great meeting is expected.

Agricultural, Manufacturing and Trade Convention.

Chicago, Aug. 16.—From east, west, north and south representatives of live stock, agricultural, manufacturing and trade organizations met in Chicago today in an effort to force the removal of the barriers that limit the expansion of American commerce. A fair chance for access to the markets of the world is the object sought by delegates. The interests involved aggregate hundreds of millions of dollars in capital in the annual output. The interest apparent on every hand more pronounced than perhaps ever had been manifested over a semi-political conclave in this country. Nine-tenths of the delegates to the convention are protectionists, announcing to the general use of that term, and their political affiliations generally have been with the party that has developed the protective tariff policy. Addresses are to be made by Governor Deneen, S. B. Packard, former Governor of Iowa; E. N. Foss, of Boston; Senator Cullom of Illinois; Mayor Dunne, and Governor Cummins, of Iowa. Governor La Follette, of Wisconsin; Van Sant, of Minnesota and Hanley, of Indiana, are expected to attend. The general discussions will have a scope from the primary economic needs of the country to technical and legal questions on special interests.

Beats Nile Dam in Egypt.

York, Pa., August 16.—The largest mortgage in works, in money values and in significance, ever filed in this county was one shown in York, Pa., Monday, covering $10,000,000. It was filed by the McCall's Ferry Power Company, was issued to the Knickerbocker Trust Company of New York, and its proceeds will be used to construct the immense dam which the company will build across the Susquehanna at McCall's Ferry, this county. This dam is to be an exact counterpart of the dam on the River Nile, Egypt. The breast will be 32 feet high, and with a 40 foot fall in the Susquehanna river within five miles of the dam breast, it ought to generate 1,000,000 horse power electricity. The mortgage shows that the Tidewater & Susquehanna River Railroad Company and Susquehanna Canal and Power Company have both sold out to the new corporation, now known as the McCall's Ferry Power Company, and that the outstanding shares of the Susquehanna Canal Company have been acquired, as also the rights of the Conawingo Land Company. The real powers behind the deal have not come to the surface.

Disturbances in the Caucasus.

Tiflis, Russia, August 16.—The Armenian newspaper Misak prints the following estimate of losses which have resulted from the recent disturbances in the districts of the Caucasus. Nineteen villages wholly destroyed: twenty-two villages partly destroyed; 2,000 buildings burned; 231 persons killed; fifty eight persons injured; nine persons missing; total loss, including ruined crops, $5,000,000. The greatest damage was caused in the town of Makhichevlan, where 180 shops were pillaged or destroyed, 138 houses were burned and twenty-three safes were blown open and rifled.

Asserts His Innocence.

Brockton, Mass., Aug. 16.—George L. Marsh was arraigned in the Police Court today, on the charge of being a fugitive from justice, from a charge of murder brought by the State of Illinois in the Bate case. He pleaded not guilty, and was committed to jail without bail to await a hearing on Saturday next.

Marsh firmly asserts his innocence and maintains a cheerful demeanor. He claims that he is fully capable of establishing an alibi. His father, George R. Marsh, is firm in the belief of his son's innocence, and will secure for him the best of counsel.

Report Presented to President.

Oyster Bay, N. Y., August 16—Assistance Secretary Charles H. Keep, of the Treasury Department, who is chairman of the special commission that has been investigating the government printing office, and a number of other bureaus, brought his report to Oyster Bay, this afternoon, and handed it to the President. The findings of the commission will not be made public until after the President has had an opportunity to examine the report very carefully and perhaps prepare a letter to accompany its publication.

General Dismissed.

Warsaw, Poland, Aug. 16.—General Shuttleworth, commander of the troops at Lodz, has been dismissed because he refused to allow the saloons to remain open during the period when martial law was declared in the town. The closing of the saloons resulted in a loss to the government of $125,000 a week and this led to the dismissal of the general. The saloons have all been opened again, and a renewal of the disturbances on the part of drunken workmen is expected.

Train Wrecked.

Corry, Pa., Aug. 16.—The night Pittsburg express train No. 4, on the Pennsylvania Railroad, which left Buffalo at 11 o'clock last night, was wrecked by spreading rails, near Hydeton, early this morning. The engine and seven cars left the rails, the latter being thrown into a field and across the track. The passengers had narrow escapes, but two received slight injuries. The track was torn up for a hundred yards and traffic blocked several hours.

Strike at Shipyards Fail.

Perth Amboy, N. J., Aug. 16.—A strike which began on July 1 in the yards of the local drydock companies has been declared off. Many strikers returned to work last week, and a force of workmen was secured from Rockland, Me. The strike followed a demand for an increase of 10 per cent. in wages. The men returned to work with the wages and conditions unchanged.

Russian Reinforcements.

Berlin, Aug. 16.—The Mittags Zietung is authority for the statement that the thirteenth Russian army corps and two brigades of artillery will leave St. Petersburg within a few days for Manchuria to reinforce General Linevitch's army.

The Yellow Fever.

New Orleans, Aug. 16.—Many well informed physicians now believe that the United States Public Health and Marine Hospital service, in charge of the health situation, has succeeded in getting a complete hold of the yellow fever and that the largest number of cases of that disease have now been reported. The largest number of new cases, 105, reported last Saturday, has since that time been followed by daily reports of only 50, 55 and 62 cases, showing that the extermination of the mosquito is proving effectual.

The daily papers now fairly bristle with the names of those who have had affidavits preferred against them for not screening and oiling their cisterns. This task will be thoroughly completed in a few days.

Following this movement, beginning at 10 o'clock Sunday morning, there will be a systematic fumigation of every room in every house of the city, to kill the mosquitoes in hiding.

There are 168 cases in the country parishes outside of the city, and there have been 24 deaths. These figures are not official. There have now been a total of 1,080 cases in the city with 171 deaths; 384 cases remain under treatment.

There were 62 cases and six deaths yesterday. Quarantine is becoming less rigid.

Rioting in Russian Poland.

Warsaw, Poland, Aug. 16.—Advices received today from Bialystok, in the government of Grodno, give some details of the rioting which earlier reports said occurred there yesterday. The disturbances were of a serious nature and outbreaks occurred in various parts of the city. During the course of the rioting a bomb was thrown at a detachment of soldiers, killing two and wounding three others. The troops were called out and there was firing on the people in all parts of the town. The casualties so far are reported at forty killed and over 200 wounded. As the result of the trouble all the shops and the factories are closed and traffic has been stopped.

Stage Coach Held Up.

Madeira, Cala., Aug. 16.—The stage coach from the Yoesmite Valley for Raymond was held up yesterday afternoon, and the passengers, all tourists, were robbed of their money and jewels. The robber, a young man wearing a black silk handkerchief for a mask, lay in wait behind a boulder armed with a shotgun. The passengers regarded the hold-up as a joke until the bandit ordered them to move quickly or be shot off the stage. They were all lined by the roadside and the driver was made to assist in the collection of spoils. It is thought the amount of booty secured was large, as all the passengers were wealthy.

Suspicious Death.

San Francisco, Cal., Aug. 16.—Arthur Powell, a vaudeville actor, said to have been the only son of a wealthy Philadelphia man, died at his room, at a lodging house, yesterday afternoon under suspicious circumstances that the police say indicate murder. Powell was discovered lying in bed very ill and he lived but two hours. At the side of his bed was a jug, a bottle bearing a label of cheap wine, and a vial of carbolic acid. Examination revealed no evidence of carbolic acid poisoning. An acquaintance of Powell's who is missing, is being sought in the hope that he may throw light on the subject.

Death of a Judge.

Bristol, Tenn., August 16.—Judge Thomas Curtin, a distinguished lawyer of Bristol, died late last night of locomotor ataxia. He is survived by his widow and two children. Judge Curtin was born in Richmond, Va., 53 years ago. His father was related to former Governor Andrew Curtin, of Pennsylvania. His mother was a native of Cork county, Ireland, and was a cousin of Justice McCarthy, the Irish author and parliamentarian. For many years Judge Curtin was at the head of a leading law firm here.

Murder on Bay Steamer.

Norfolk, Va., Aug. 16.—While the passengers on the Old Bay line steamer Alabama, en route here from Baltimore, were at supper last night Chief Steward Joseph Booker was stabbed with a long kitchen knife and almost instantly killed by Chief Cook Charles Bivins, both colored. A grudge had existed for some time between the two men. The affair took place in the kitchen.

Wireless Telegraphy For Trains.

Experiments made with wireless telegraphy on Chicago and Alton Railroad trains have proved so successful that the management of the road has taken steps, it was announced yesterday, to equip all the locomotives of the company with wireless apparatus. Under the new system adopted each locomotive carrying its own wireless signal apparatus, constitutes the center of a moveable block, traveling with the train. Near the engineer in the cab is an indicator which keeps him informed of the conditions within the block of which he is the center. If a train approaches within two miles to the rear a green light shows on the indicator and a warning bell calls the attention of the engineer. If the train is to the front a red light flashes and the bell rings. The signals are reciprocal and the engineers on both trains concerned receive them at the same instant.

Fraud Exposed.

A few counterfeiters have lately been making and trying to sell imitations of Dr. King's New Discovery for Consumption, Coughs and Colds, and other medicines, thereby defrauding the public. This is to warn you to beware of such people who seek to profit through stealing the reputation of remedies which have been successfully curing disease, for over 35 years. A sure protection, to you, is our name on the wrapper. Look for it, on all Dr. King's or Bucklen's remedies, as all others are mere imitations. H. E. The Only Way.

There is no way to maintain the health and strength of mind and body except by nourishment. There is no way to nourish except through the stomach. The stomach must be kept healthy, pure and sweet or the strength will let down and disease will set up. No appetite, loss of strength, nervousness, headache, constipation, bad breath, sour risings, rifting, indigestion, dyspepsia and all stomach troubles that are curable are quickly cured by the use of Kodol Dyspepsia Cure. Kodol digests what you eat and strengthens the whole digestive apparatus. W. F. Creighton & Co., 401 King street.

Joint Committee Meeting.

There was a meeting of the city and county democratic committees at the Hotel Fleischmann last night when the arrangements for the primary election next Tuesday were completed.

Messrs. James R. Caton and John H. Trimyer are the only candidates for the House of Delegates who have complied with the requirements of the committee, and their names were ordered to be printed on the tickets. But two candidates for the city democratic committee for each ward filed their names and they were declared elected by the old committee.

The new committee is now as follows: First ward, O. F. Phillips and E. F. Thompson; Second ward, R. T. Cook and George E. Price; Third ward, S. G. Brent and George L. Simpson, and Fourth ward, Charles Bendheim and O. F. Carter.

The committee decided that the two regular democratic judges and the registrar in each precinct would be designated to act as judges in the primary. One of the judges in each precinct will have to act as clerk.

A resolution was passed providing that if any judge or registrar should fail to qualify the committeemen from that precinct will fill the vacancy.

It was also announced that each candidate on the ticket would be entitled to have one friend in each voting place from the time that the polls are opened until after the ballots are counted.

The secretary was instructed to have the official ballots printed, and it was stated that only such ballots would be recognized.

Meeting Tonight.

The friends of Mr. Joseph E. Willard, one of the candidates for Governor of the State, are anticipating a large attendance at the meeting at the Opera House tonight when that gentleman will address the people of this city. The gallery will be reserved for ladies, and will be rendered pleasant by electric fans, and a brass band has been engaged to furnish music.

While in this city Mr. Willard will be the guest of former Mayor George L. Simpson, who will introduce him at the meeting tonight. Captain Willard arrived here at 2:50 o'clock this afternoon and will leave at 11:20 tonight for Harrisonburg, where the State Firemen's Association will be in session. On Friday he will speak at Sterling in the morning, Leesburg in the afternoon, and Round Hill at night. He will then drive over to Fauquier and will speak at five different points in that county on Saturday. Captain Willard will close his campaign with a speech in Richmond on Monday night.

The managers of the meeting say they know nothing of the report telegraphed from Richmond to the Gazette yesterday that Governor Montague would try to reach this city from Lexington tonight in time to speak at the Willard meeting. He is not expected by the managers, who say that so far as arranged Mr. Simpson and Capt. Willard will be the only two speakers.

Police Court.

[Justice H. B. Caton presiding.]

The following cases were disposed of this morning:

Temp Wilson, colored, arrested by Officer Allen charged with assaulting Julia Cheeks, was fined $5.

Mary Lawson, colored, arrested by the same officer charged with stealing money from Alice Kitts, was fined $10.

Charles Lloyd, arrested by Officer Young charged with incorrigibility, had his case continued.

Jack Beach, colored, arrested by Officer Lyles charged with stealing money from Alice Kitts, was dismissed.

Eugene Parker, colored, arrested by Officers Smith and Patterson charged with shooting John Dogan had his case continued.

William Brooks, colored, arrested by Officers Mayhugh and Henderson charged with disorderly conduct and fighting had his case continued.

Harrie Davis, colored, charged with assaulting and beating Lewis Baltimore, was fined $25.

Harrie Baker and Lou Taylor, both colored, charged with disorderly conduct, were dismissed.

Charles Shankford and Mary Brown, both colored, arrested by Officer Nicholson charged with disorderly conduct, were dismissed.

At Basic City.

All twelve companies comprising the Seventieth Virginia Regiment are safe in camp in Basic City. The camp ground is a fine site, with ample room for all the tents in advantageous positions. Good water is easily had in abundance, and all hands were comfortably tented before the shades of night arrived, and retired after the day's fatigue, well-fed and full of expectations for a week of valuable military training and pleasure. Splendid scenery surrounds the camp and the Brandon Hotel in full sight, with its large company of fair guests, gives promise of much gayety for the soldier boys outside of duty hours. The camp will be known as "Camp Jackson," and for a week will be the scene of drills parades and scouting work. The men will wear khaki uniforms.

Approach to Highway Bridge.

It is said that the Washington, Alexandria and Mount Vernon Railway Company has secured the right of way for an approach to the new highway bridge in a direct line from Arlington Junction. A concrete arch will be built over Roche's run and the other portions of the roadway will be filled in with earth, thus avoiding the trestle, which is now used just north of the junction. The arch and embankments will be constructed for double tracks.

The new double-track bridge over Four-mile run, a short distance north of the power house, was used today.

The complimentary excursion to River View today tendered by Capt. E. S. Randall to the union Sunday schools of this city was well attended.

To Close Business.

Mr. D. H. Appich, proprietor of one of the oldest manufacturing establishments in this city, is about to cease business, his store on King street, near St. Asaph, having been closed. Appich's confectionery has been an Alexandria institution since the early thirties, when David Appich conducted the confectionery business in a frame house which stood on the south side of King street, between Royal and Pitt. He later located in the building now occupied by Mr. H. Bloch, and subsequently in the house on the northeast corner of King and St. Asaph streets, on the site of which the new Citizens' Bank has been erected. Several years ago he purchased the old fire insurance building two doors east on King street. This structure is north of the building line and Mr. Appich placed an addition on the front and united the two structures, and the business was conducted in that place until yesterday. The passing away of this establishment reproduces reminiscences of by-gone days. Many years ago among the principal confectioneries and bakeries of the city were those conducted by David Appich, Gotleib Appich, Christian Schafer, Michael Germann and Henry Brengle. The three first named have long since paid the debt of nature. Mr. Germann, now at an advanced age, still moves among us, although he relinquished business a long time ago, but Mr. Brengle is still catering to his customers, and contemplates removing from his present quarters on Cameron street to a more central locality on Columbus street, a few doors from King. He came to Alexandria April 10, 1844.

Departure of the Firemen.

The members of the Relief Hook and Ladder, Columbia and Reliance fire companies who had made arrangements to visit Harrisonburg during the meeting of the State Firemen's Association in that place left this morning at 7:55 o'clock via the Southern Railway. The members of the three organizations were astir at an early hour, and some time before the hour appointed for leaving they were at their respective engine houses. Many persons had gathered at the depot to see the Alexandrians off, and they were accompanied by numbers during their march to the station. The members of the Reliance company were accompanied by the Naval Gun Factory Band of Washington and the Columbia will be met at Harrisonburg by the Bridgewater Brass Band, composed of twenty pieces. The Alexandrians will return Friday night.

Called meetings of the Relief, Columbia and Reliance companies were held last night to complete the arrangements for the trip today. The various committees made final reports showing that every possible detail had been attended to.

Shot During Altercation.

John Dogan, colored, who was released from jail yesterday, after serving a sentence for an assault upon Hattie Conway, became engaged in an altercation during the afternoon with a negro named Eugene Parker, the Conway woman being the subject of the dispute. During the difficulty Parker procured a shotgun and discharged it at his rival. The latter escaped serious injury, only a few of the shots striking him on one of his arms. Parker was later arrested by Officers Smith and Patterson. He was arraigned in the Police Court this morning, when his case was continued in the absence of certain witnesses.

The Braddock House.

Dangerous and Uncertain.

For sunburn, tetter and all skin and scalp diseases, DeWitt's Witch Hazel Salve has no equal. It is a certain cure for blind, bleeding, itching and protruding piles. It will draw the fire out of a burn and heal without leaving a scar. Boils, old sores, carbuncles, etc., are quickly cured by the use of the genuine DeWitt's Witch Hazel Salve. Accept no substitute as they are often dangerous and uncertain. Sold by W. F. Creighton & Co., 401 King street.

It is reported that two locomotives were injured in a collision on the Washington and Ohio branch of the Southern Railway last night.

Mr. J. D. Knight has been awarded the contract for making the alterations and improvements at the station house and police court room and will at once commence the work there.

Walter Douglass, while at work laying gas mains on Prince street, near Fairfax, yesterday evening, was taken suddenly ill in the trench and had to be taken to his home on south Fairfax street, where he soon recovered.

Mr. W. H. Underwood, while at work at the residence of Mr. Chas. King, on south St. Asaph street, this afternoon, accidently opened a gas pipe and was soon overcome. His condition was discovered and he was carried from the house. A resident of the neighborhood administered a restorative, when he quickly revived.

John W. Beha has asked the Supreme Court of the District of Columbia to declare his marriage, with Harriet V. Groff, to be null and void. It is asserted that when the marriage occurred the defendant was the lawful wife of another man. The parties were married in this city March 12, 1903.

Starved to Death.

On a rag-covered cot and her twin babies huddled at her breast, the dead body of Mrs. Oscar Horn was found yesterday by Frank Shetzle, a Jersey Central train conductor, at a small place known as Tannery. That the woman died of starvation there was every evidence. The babies and three other children furnished living proof. The twins were so emaciated and wasted, that their tiny frames could scarcely be handled without breaking. The other children, ranging in age from 6 to 10, stood at the bedside with sheets as clothes to cover their tiny bodies. Not a crust of bread was found in the house, not even a drop of milk to nourish the starving babies. A 13-year-old boy came in while Mr. Shetzle was investigating. From him it was learned that he has been the wage-earner for the family for almost a year, and that for two months past the little money he earned his mother spent buying medicine and milk for the twins. The children subsisted as best they could among neighbors and gathering berries in the woods which surround the house.

How Dr. Chapelle Willed His Estate.

The will of Archbishop Chapelle was probated yesterday. The bequests were as follows:

"All of the property, real and personal, I may possess at the time of my death, situated in the State of Louisiana I will and bequeath to the Right Rev. Edward Fitzgerald, bishop of Little Rock, Ark.; Right Rev. Edward P. Allen, bishop of Mobile, and to Very Rev. J. M. Laval, my vicar general.

My property, real and personal, situated in the territory of New Mexico I will and bequeath to the Very Rev. Anthony Fourchigu, administrator of the Archdiocese of Santa Fe, during the vacancy of that see.

"All my real and personal property situated in the Department of Lozere, France, I will and bequeath to my niece, Josephine Solignac."

Under the provisions of the will two of Dr. Chapelle's nephews, one of whom resides in New York, are deprived of any interest in the estate.

Potomac Baptist Association.

The Potomac Baptist Association of the Baptist Churches of Northern Virginia opened its fiftieth session at the Ebenezer Baptist Church, near Bloomfield in Loudoun county today to continue until Saturday. The moderator of the association is Judge C. E. Nicol, of Manassas. The association embraces a large membership, and is composed of the churches of Loudoun, Fauquier, Alexandria, Prince William, Fairfax and Stafford counties, and city of Alexandria. The number of ministers attending is about 45, with their delegates and alternates.

The Way the Betting is Going.

Several bets have been made in this city, at even money, that Swanson will carry the State. Also that Willard will beat Swanson. Another bet that Willard will beat Mann at odds of two to one. Several offers of one to two that Mann will win are now open for takers. There is plenty of money at odds of two to one that Martin will win in the State and it is even that he will get more majority in Fredericksburg than Montague will get votes.—[Fredericksburg Star.

Peace Conference Points.

The peace envoys have considered six of the twelve articles embodying Japan's peace terms.

Article 4 relating to surrender of Russian leases on the Liaotung peninsula was adopted.

Article 5 as to the cession of Sakhalin Island to Japan caused the first hitch, as it involves surrender of territory. It was passed over for the present.

Article 6, disposition of the interned Russian ships. Agreement reached to refer it to an international conference at close of the war.

State Department officials believe a treaty of peace will be concluded, and that it will be signed in Washington so as to be known as the treaty of Washington.

Jewish and other bankers of New York say Russia can obtain all the money she wants to make peace, but none to make war.

Subjects agreed to by the conference as indicated by various reports are: Protectorate over Korea. Evacuation of Manchuria. Future of Manchuria, which is to be returned to China when Japan gets ready. Recession to the Japanese of Port Arthur and Dalny. Recession to the Japanese of the Liaotung peninsula.

Subject on which there is disagreement: Cession of the Island of Sakhalin.

Subjects yet to come before the conference: Russian naval strength in the Pacific. Disposition of interned war ships. Disposition of the Eastern Chinese railroad. Fishing rights for Japanese along the Siberian coast. Commercial privileges at Vladivostok for the Japanese. Indemnity.

A Stickler For Promptness.

A certain merchant in Boston is noted for being a stickler in the matter of promptness to the extent that he has been known to walk out of church because the services did not begin promptly and to leave his sister alone in a strange city because she was four minutes late in keeping an appointment. Not long ago he overheard a forceful exposition of his peculiarity.

He had walked out to his stable and was about to go in when he heard the new groom within say to the coachman, "Is it thrue, Dolan, that the boss is cracked about doing things on time and goes into a fit whin annybody is late?"

"Thrue? Thrue?" cried Dolan. "Let me tell you, Ryan, how thrue it is. If the boss had promised to mate himself at lilven o'clock and was late he'd find himself gone whin he got there. That's how thrue it is!"

Leprosy.

Smallpox, or variola, was not known to the Romans before the sixth century. Leprosy is as different from it as palsy is from St. Vitus' dance. What is this awful disease? Something endemic, chronic, malignant, with cutaneous lesion. It is a scabious affliction of a dreadful character, attacking nations negligent of cleanliness and the decencies of life. All that France and England gained by engaging in the crusades was leprosy, and of all that they took leprosy was the only thing that remained with them. In olden times every man laboring under the disease was imprisoned like a thief or a robber. Moth holes and the mildew on walls were believed to be the effects of leprosy.—New York Press.

The Baldheaded Eagle.

The staid, dignified and homely baldheaded eagle, the glorious emblem of the American republic, mates but once and lives with his one mate until he or she dies. If left a widower—even a young widower—the baldheaded eagle never mates again. He remains alone and disconsolate in the nest on the rocky crag or in the branches of a tall pine that formed his domicile while his mate was alive. No other female eagle can tempt him to forsake his disconsolate life.

A Human Rattler.

The baby had swallowed two buttons a dime and three marbles.

For a moment his optimistic father seemed a trifle disheartened. But presently he regained his equanimity.

"It saves me the expense of buying a rattle for him," he chuckled as he dandled the infant on his knee.—Cleveland Plain Dealer.

Her Figure.

Fred — She is anything but handsome, and she hasn't even got a good figure. Joe—I'll admit she isn't a prize beauty, but she is worth a half million in her own right, and if that isn't a handsome figure then I'm no mathematician.

Wanted a Ceremony.

Ethel—Ma, I want some water to christen my doll. Ethel's Ma—No, dear. It is wrong, you know. Ethel—Well, then, I want some wax to waxinate her. She's old enough now to have something done to her.

Saved Money.

"Has your husband had any luck with the races?"

"Yes," answered young Mrs. Turkins. "He has been feeling ill all the week and couldn't go out to the track."—Washington Post.

Patience is bitter, but its fruits are sweet.—Rousseau.

Agonizing Burns

are instantly relieved, and perfectly healed by Bucklen's Arnica Salve. C. Rivenbark, jr., of Norfolk, Va., writes: "I burnt my knee dreadfully; that it blistered all over. Bucklen's Arnica Salve stopped the pain, and healed it without a scar." Also heals all wounds and sores, 25c at E. S. Leadbeater & Sons druggists.

A Warning to Mothers.

Too much care cannot be used with small children during the hot weather of the summer months to guard against bowel troubles. As a rule it is only necessary to give the child a dose of castor oil to correct any disorder of the bowels. Do not use any substitute, but give the oldfashioned castor oil, and see that it is fresh, as rancid oil nauseates and has a tendency to gripe. If this does not check the bowels give Chamberlain's Colic, Cholera and Diarrhoea Remedy and then a dose of castor oil, and the disease may be checked in its incipiency and all danger avoided. The castor oil and this remedy should be procured at once and kept ready for instant use as soon as the first indication of any bowel trouble appears. This is the most successful treatment known and may be relied upon with implicit confidence even in in case of cholera infantum. For sale by Gibson & Timberman and W. F. Creighton & Co
